EXTRA.
SAD NEWS \$10,000!
PRESIDENT
ABRAHAM LINCOLN
SHOT.

Gen. Grant
Probably Returned to
Washington!

DETAILS
OF THE
HORROR TRAGEDY.

On this morning, April 15, at 10 o'clock, the President of the United States, Abraham Lincoln, was shot while on his way to the Ford Theatre in Washington, D.C. The assassin, John Wilkes Booth, fired a single shot from a .44 caliber revolver, which struck the President in the back of the head. The President was immediately taken to the Petersen Hotel, where he died at 7 o'clock. The news of the assassination spread like wildfire, and the entire nation was in a state of shock and mourning. The President's body was taken to the Petersen Hotel, where it was kept until it could be transported to Springfield, Illinois, for burial. The assassination of Abraham Lincoln is one of the most significant events in American history, and it has led to many changes in the way the United States is governed.

LATER.
President Lincoln died at 7 o'clock this morning, April 15, at the Petersen Hotel in Washington, D.C. The news of the assassination spread like wildfire, and the entire nation was in a state of shock and mourning. The President's body was taken to the Petersen Hotel, where it was kept until it could be transported to Springfield, Illinois, for burial. The assassination of Abraham Lincoln is one of the most significant events in American history, and it has led to many changes in the way the United States is governed.

FOR THE
ASSASSINS

The news of the assassination of Abraham Lincoln has led to a great deal of speculation about the identity of the assassin. Many people believe that John Wilkes Booth was the only person who was involved in the assassination. However, there are many other people who believe that there were other people who were involved in the assassination. The identity of the assassin is still a mystery, and it is hoped that the government will be able to identify the assassin soon.
